**First Seven Design Labs 2009 - Current**  
*Founder and Creative Director*  
 Established an independent international strategy and consulting agency specializing in graphic and web design including non-traditional campaign creation, marketing and media on behalf of Black and Indigenous People of Color (BIPOC).

Cultivate community outreach for grassroots campaigns that leverage opportunities, and resources in order to develop strategies and tactics that are creative, impactful and cost effective for social and environmental movements.

Provide BIPOC frontline members historically rooted organizational trainings and full spectrum solutions that fall outside of nonprofits and agencies that have not adapted to modern day challenges or new and unconventional platforms.

Create, project manage and deploy large scale interactive viral art installations in challenging environments. Utilizing current methodologies and technologies to help engage and organize over a million people into the streets for change within the largest cities around the world.

Determine logistics, performance metrics, initial feasibility studies, cost optimization, project advisory, value engineering and technical expertise for frontline community defense campaigns.

**E-Point Processing 2001 - 2004**  
*Offshore Merchant Account Advisor*  
 Processed transactions in excess of 50 million dollars for high volume and high risk merchants requiring lesser trading restrictions and potential tax benefits.

Provided high risk merchant account solutions, angel investor and venture capital research, product development and associated marketing for offshore and domestic start-up companies.

**United States Navy 1996 - 1999**  
*Search and Rescue Swimmer*  
 First responder, disaster management, rescue operations and rendering of medical aid to military and civilian personnel in distress at sea and land.

Amphibious assault deployment support surveillance, naval patrol, humanitarian aid missions including recovery of aircraft and sea vessels.

Search and seizure operations team member trained with joint special warfare units in maritime boarding, small-unit tactics, various small arms, light and heavy weapons.
